Purpose of this form:

Students whose parent(s) have experienced significant changes in income from 2024 to 2025 may appeal to have 2025 tax information utilized instead of 2024 for calculation of institutional funding eligibility.

To submit your appeal:

1. Complete this form.
2. Submit this form along with a copy of your parent(s) 2025 completed tax return(s). Appeals will not be considered without completed tax returns.

This information may be submitted via regular mail, fax (415) 476-6652, in person, or via email to finaid@ucsf.edu.

Note: If you are a first-time applicant using the CSS Profile application, you are able to upload your 2025 as well as 2024 tax returns using the IDOC process. If you have done so, please indicate in your comments below.

Please describe the reasons for this appeal, including information about the tax filing status of your parent(s), whether they are married, and if they file a joint return.

Your appeal will be reviewed by a committee of financial aid advisors, and you will be notified of its outcome prior to any changes to financial aid packaging.

*Students need not appeal to have 2025 income used for financial aid purposes, as we will automatically review your financial aid application for projected income during the 2026-2027 academic year.
