

Repaying your UCSF Emergency Loan

A student has 90 days to pay back the Emergency Loan without incurring interest and to be eligible for additional emergency loans.

Use Bill Pay to repay your UCSF Emergency Loan

When setting up this option, ensure that payment is issued to **Regents of the University of California, San Francisco** and the account number listed is your **Student ID**. The University does not receive electronic payments from your bank. Most banks use a third party to issue the check and mail it out to us. This process can take up to a week before we receive the check. The bank will debit your account based on the date of payment, this does not reflect the date it was received or cashed by UCSF.

Below is an example of how to set-up Bill Pay through Wells Fargo Bank. The set-up is similar to most large banks.

Sign on to your banks website.

The screenshot shows the Wells Fargo website interface for setting up Business Bill Pay. At the top, the Wells Fargo logo is on the left, and navigation icons for mail, security, and user profile are on the right. Below the logo, there are menu items: Accounts, Brokerage, Transfer & Pay, Plan & Learn, and Security & Support. The main heading is "Business Bill Pay". Below this is a promotional banner with an image of a woman at a laptop and the text "Take care of bills quickly and easily". Underneath the banner, it says "Business Bill Pay is fast, free*, and secure". A sub-heading reads "Pay all your bills from one secure site in minutes. It's easy:". This is followed by a three-step process: 1. Add payee (with a document icon), 2. Schedule payment (with a calendar icon), and 3. Payment sent (with a money icon). Each step has a brief description. At the bottom, there is a note about the service being free and a link to the Online Access Agreement. Two buttons, "Cancel" and "Enroll Now", are located at the bottom right.
